**Most recent system improvements:**

11/05/2018   **Members Directory / Privacy Settings** -- Although many members have logged-in an udpated their Privacy Settings for the Members Directory, it appears too many have inadvertently set themselves as "ex-directory". Other members needing to arrange league and tournament matches are complaining they can't make contact to arrange their matches. As such, any members who are completely ex-directory are now prompted to show some contact details upon each login, as per following screen shot.

Are you sure you want to be completely ex-directory?

On 11 May 2018, you may have inadvertently set ALL your contact details as "ex-directory" and it's now not possible for other members to contact you to arrange matches.

Please show some contact details in the Members Directory.
